The CAB MONTHLY meeting is this Wed. (last Wed. of the Month) 28 Mar. 2018 at 6:30 PM – Santa Barbara IHOP.

Tentative agenda

Joan Jennings – RIP significant CAB supporter

Buellton – The City does not seem to get the problem proven in South County (mainly SB) and roundabouts and bike paths....

Carpinteria – Changes of freeway widening and on/off ramps on downtown Carp. --- Bikes and failure in Carp.

Goleta – Old Town continuing actions by Goleta Council in violation of GOPAC --- Complete Streets -- MTD and commuter rail -- citizen outrage over Hollister multimodal path and dangerous conditions.

Santa Barbara – State St. underpass narrowing (evacuation route) – bike station at RR station after its 2 primary stations have failed – advertised going ahead with dozens of Bike Plans without the State mandated CEQA EIR.

Fire and Flood effect and affect on street narrowing and taking of capacity. This effects all transportation policies and points a direct finger at 1st District in SB County and City of Santa Barbara.

What effect on design of the remainder of 101 widening?
Tidal Wave and coast line narrowing of capacity

Be sure to attend. The issues are very great this month and for the rest of the year.
